Convergence Engineering Design And Architectural Professionals

Count 343,626 records; 277,026 male, 23,450 female, 43,150 unknown gender; 100% 3-line residential addresses.

Buyer Profile This multi-sourced list consists of engineering and architectural professionals at their residential addresses. These highly mobile buyers have purchased computer hardware and software and services to support their efforts in the design, redesign, and analysis of engineering projects. Engineers and architects are avid users of spreadsheets, CAD (computer-aided design) software, proprietary modeling software, and project management software. These busy design professionals have purchased via direct response display advertising, direct mail, and Internet e-commerce. Engineers and architects are designing products and facilities central to the new economy, design visionaries by day and affluent consumers by night.

List Applications — Technology Recruitment, trade publications and related web sites, desktop and mobile computer hardware and software, broadband Internet (cable, DSL, wireless, satellite), PDAs (personal digital assistants), personal web hosting, ASPs (application service providers), instant messaging, digital multimedia hardware, software, and services.

List Rental Fee \$125/M; 5000-record minimum; net 30 days; brokers and agencies welcome.

12-Month Unlimited Use License \$37,000 for entire file; net 15 days; brokers and agencies welcome.

Free Geographic Selects Free geographic selects include PMSA, MSA, State, County, ZIP, ZIP+4, Radius from a central ZIP, and SCF; no charge.

Free Demographic Selects Free demographic selects include Gender, Household Income (est.), Housing Value (est.), and Address Type (Street/Residential, High-Rise, PO Box, Rural Route, General Delivery); no charge.

Free Key Coding and A/B Splits Free key coding and A/B splits are available upon request; no charge.

Format Comma-delimited ASCII file, sorted by Zip+4 code. Fixed-length ASCII format available upon request.

Shipping/Availability Approved orders are shipped the same day we receive them, usually within one hour of receipt. Alternatively, we offer free overnight shipping on CD-ROM via Federal Express.

Quality/Hygiene This list is regularly processed to remove duplicates, undeliverables, and do-not-mail records. First, U.S. Postal Service C.A.S.S.-certified (Coding Accuracy Support System) software is used to check each address against the U.S. Postal Service national database. Incorrect street names and missing or incorrect states and ZIP+4 codes are corrected. Once the address has been standardized and the ZIP+4 code applied, an attempt is made to match the address against the N.C.O.A. (National Change-of-Address) File, which contains approximately 115 million records or 36 months of permanent address changes. Address change information is derived from the PS Form 3575, *Change-of-Address Order*, filed by relocating postal customers. Finally, the list is run against the DMA Mail Preference Service consumer file to remove do-not-mail records. The list is supplied in ZIP+4 format.

Update Frequency Monthly on the last business day of the month; approx. 15,000 new records per month.
